

CONSTRUCTION UPDATE

Dunlop Street Corridor Improvements
Contract 2019-083T

03-19-2021

Construction Update

Arnott Construction will return to the Dunlop St. Corridor Improvement site next week to begin some deficiency works.

Crews will be sand blasting planter curbs throughout the limits of the project. They will begin at the East end of Dunlop St. and work West to the limit of construction. Remediations to planter curbs throughout the project will also begin next week.

This work will be conducted on a weather permitted basis, as this cannot be completed during inclement weather.

Please note that the sand blasting may produce dusty conditions and we apologize for any inconvenience this may cause. Business access and sidewalks should not be impacted by the above work.

We hope you've all been staying safe and enjoying the new Downtown!
